MUSIC

Music isn't just a vocation, it's a passion that you will have the full opportunity to explore in our fantastic practice and performance spaces.

Enjoy music workshops with our Industry experts, live performances in our very own venue, recording in one of our professional music studios and Q&A sessions with successful musicians that will give you a great insight into the industry. You will get opportunities to perform at big local events such as the Sci-Fi festival, Pro-surf tour, create your own album or EP and compose for film and video to give you real industry experience.

The courses at Levels 2 & 3 explore all aspects of the music industry from performance techniques, music technology, composition and music business studies. Live performance, digital production and recording are at the core of what you do as well as mixing, mastering and music promotion and marketing getting you ready for a career in music.

Theoretical aspects are also covered as are developing instrumental skills and using compositional software. Whether you aspire to be centre stage, or are looking at work behind the scenes this course will equip you with the necessary skills to succeed in this exciting, thriving and diverse industry.

HOW IS THIS COURSE ASSESSED?

These courses are assessed through a combination of practical tasks supported by written assignments, which demonstrate skills development.
