

HOW DO YOU APPLY?

Apply online at

scarboroughTEC.ac.uk/fulltime-apply today!

Don't forget to include your current email address and mobile phone number on the application form so we can contact you.

PLUMBING

WHAT NEXT?

We can help you develop employability skills and gain relevant experience. We provide information, advice and support when completing your course and progressing to work or going into higher education. When applying for university we can provide support with the UCAS application and Student Finance.

ENGLISH & MATHS

If you haven't achieved a GCSE Grade 4 in English and/or Maths you will be required to either; take a Functional Skills qualification if you have achieved a Grade 1 or 2, or retake the GCSE if you've achieved Grade 3. You will be fully supported by our specialist team ahead of taking the exam.

PLUMBING

This Plumbing course aims to get you work ready and prepared for life in this valued and vital trade. Learn from knowledgeable staff with extensive industry experience.

Up-to-date resources and facilities in our new Automotive, Construction & Engineering Centre will enhance practical and theory sessions where you will learn about the principles of plumbing systems, the importance of water pressure, pipe joining techniques, hot and cold water supplies and above ground drainage in our state-of-the-art Plumbing Workshop.

Customer relations and environmental considerations are also covered as part of the course as are the principles of working safely in the environment.

HOW IS THIS COURSE ASSESSED?

These courses are assessed through a series of practical examinations and online multiple-choice tests.

ENTRY REQUIREMENTS

Level 1 entry - All students require a minimum of 4 GCSEs grades 1/2 or equivalent, including Foundation Awards and Entry Level Certificates. Internal progression to the Level 2 or a suitable course is guaranteed with a good standard of attendance and commitment to all lessons including Maths and English.

Level 2 entry - To be eligible for this course you would need to have a minimum of 4 GCSEs grade 2/3 or equivalent, including English and Mathematics.

Level 3 entry - You will be required to successfully complete a Level 2 within your chosen subject area, plus GCSE grade 4 or equivalent in English and Mathematics.

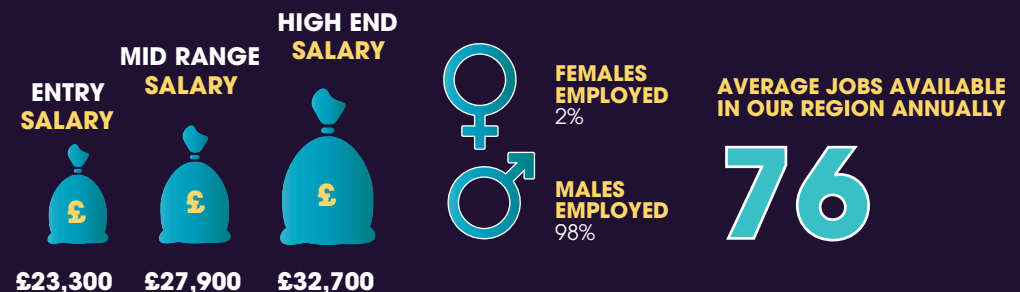

WHAT WILL YOU STUDY?

This course aims to get you work ready and prepared for life in this valued and vital trade and you will learn from knowledgeable staff who will guide you through the programme while introducing you to the important Health & Safety aspects of the industry.
