TEC**

Changing lives every day

Open events

Want to see Scarborough TEC for yourself? Come along to one of our open events throughout the year to check out our facilities, find out more about our courses and get a feel for life on campus.

Book onto an open event

Welcome from Simon Gummerson Campus Principal

Welcome to Scarborough TEC, I am so pleased to introduce you to our 26/27 course guide – and show the many further education opportunities that are available to you to prepare you for the next steps on your career path. This course guide will give you a snapshot of life here at Scarborough TEC – not only the wide range of courses and qualifications available to you, but giving you a glimpse of life on our campus, the facilities at your fingertips, experiences beyond the classroom, and the support we have available to you.

Whether it's vocational courses, apprenticeships or T Levels you're interested in studying, we've got a course that's right for you. Want to find out more? Flick through these pages, or make sure to come along to one of our open events and see more.

I look forward to welcoming you here at Scarborough TEC!

Course entry requirements

There really is a course for everyone here at Scarborough TEC. Offering a wide range of vocational, college-based courses, apprenticeships and T Levels, all of our course entry requirements will vary depending on the level of the course.

What does that mean for you?

Simply choose your course based on what you want to do, and we will help and support you to enrol onto the right level for you – we will talk you through it all when you apply.

Level 1	3 GCSEs at grade 2 or above*
Level 2	3 GCSEs at grade 3 or above, preferably including either English or maths*
Level 3	4 GCSEs at grade 4 or above, including English and maths*

*Please note these are a guideline to entry, speak to us if you have any questions.

GCSE English & maths

Whatever your chosen career path, employers across the board will have a requirement for you to have passed your GCSE English & maths.

Need help getting there? Don't worry, if you haven't achieved a grade 4/C in these core subjects, we will support you and help you to re-sit these exams, whilst you are studying with us.

For more information on English and maths contact: enquiries@scarboroughtec.ac.uk

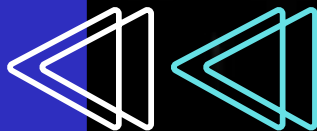

Why choose Scarborough TEC?

- Wide range of **vocational courses**, as well as **apprenticeships** and **T Levels**
- **Campus facilities** to make your experience here more than just learning
- A whole range of **support services** for all of our students
- Excellent links with local and national employers, to support your learning with **hands-on experience**
- **Industry-leading** learning spaces
- Opportunities beyond the classroom, from everyday activities to **trips and expert guest speakers**
- **Free bus travel**
- **Career progression options** – including degrees – available after your course across our Bridlington, Beverley, Hull, Scarborough and Grimsby campuses.

Did you know...

All Level 3 courses at Scarborough TEC carry the same number of UCAS points as three A Levels, meaning they can be used to apply for university or higher education; including here at Scarborough TEC.

How to apply

Scan to

▶ Apply now

Applying for a course at Scarborough TEC couldn't be easier...

Step 1 Choose your course

Take a look through this guide or visit our website to look at our courses in more detail. Still unsure? No worries. Come along to one of our open events - meet our staff, current students and see for yourself what we have to offer.

Step 2 Apply

You've chosen the exciting course for you – now you need to apply via our website. The link is on this page, to make it super easy for you.

Step 3 Welcome to Scarborough TEC!

You've chosen your course, you've applied, so what's next? After we've received your application, we'll invite you for a short, informal interview and keep in touch with you and your next of kin so you start to get a feel for what you'll experience with us. Then, once you've accepted your place, look out for your invitation to our Applicant Welcome Days.

Step 4 Enrol

With exams behind you, it's time to enrol onto your course at Scarborough TEC. We'll send you an invitation with a time and date, after GCSE results day, to come along and officially enrol onto your new course.

Our facilities

Automotive,
Construction
& Engineering

Find out more

As well as market leading learning spaces, we have a whole host of other facilities for you to experience on campus...

Our Uniformed & Public Service students on a residential with the British Army

Our Performing Arts Stage & Screen students performed in a musical 'A Country Line'

Our talented Beauty students had an amazing experience at the Hopi ear candle workshop

Life at Scarborough TEC

Life here at Scarborough TEC is way more than just what you learn in the classroom. During your time studying with us, there are plenty of opportunities and experiences on offer to make your time with us memorable...

Crisis Day

Our T Level Health students impressed NHS professionals during a medical scenario

Our Games Design students undertook an epic 24-hour Game-Athon for charity

Our Music students took a trip to Beckview music studios

Millie, our Hospitality student, was awarded 2nd place in the International Wine and Food Society Young Chef competition

Financial support

We don't want any of our students to worry about financial pressures during their time with us at Scarborough TEC.

Many of our students often need some financial help whilst studying, and we are here to help you with that. By speaking to our team before you enrol, you'll be able to find out what is available for you.

If you have any questions or need more info, get in touch – our team will be more than happy to help and answer any questions you have.

bursary@scarboroughtec.ac.uk

Find out more

What can we help you with?

Transport

Need a ride to get to Scarborough TEC? No worries with our **FREE** bus travel.

For all students aged 16-18 who are eligible to access a bursary we are able to offer free travel, using local transport service, providing you live 1.5 miles or more away.

Students must have an annual household income of less than £45,000 and be training on one of our full-time courses.

Any student who is not eligible or who is 19+ and studying on a full-time course will be eligible for a discounted ticket on their chosen bus route.

For all the details about transport options, and getting here, scan the QR code above or drop us an email.

bursary@scarboroughtec.ac.uk

Support

Here at Scarborough TEC, creating a safe and supportive environment for all of our students is a top priority. So, from applying, through to you becoming a student, we have a range of support services available...

Find out more

Success coaches

From your first day as a student at Scarborough TEC, you will be assigned a success coach. What does this mean? Success coaches offer you support throughout your time with us. Whether that's help with attendance, moving to the next level, or coaching sessions, they are on hand to provide the right, tailored guidance and support for you during your time with us.

Careers advice

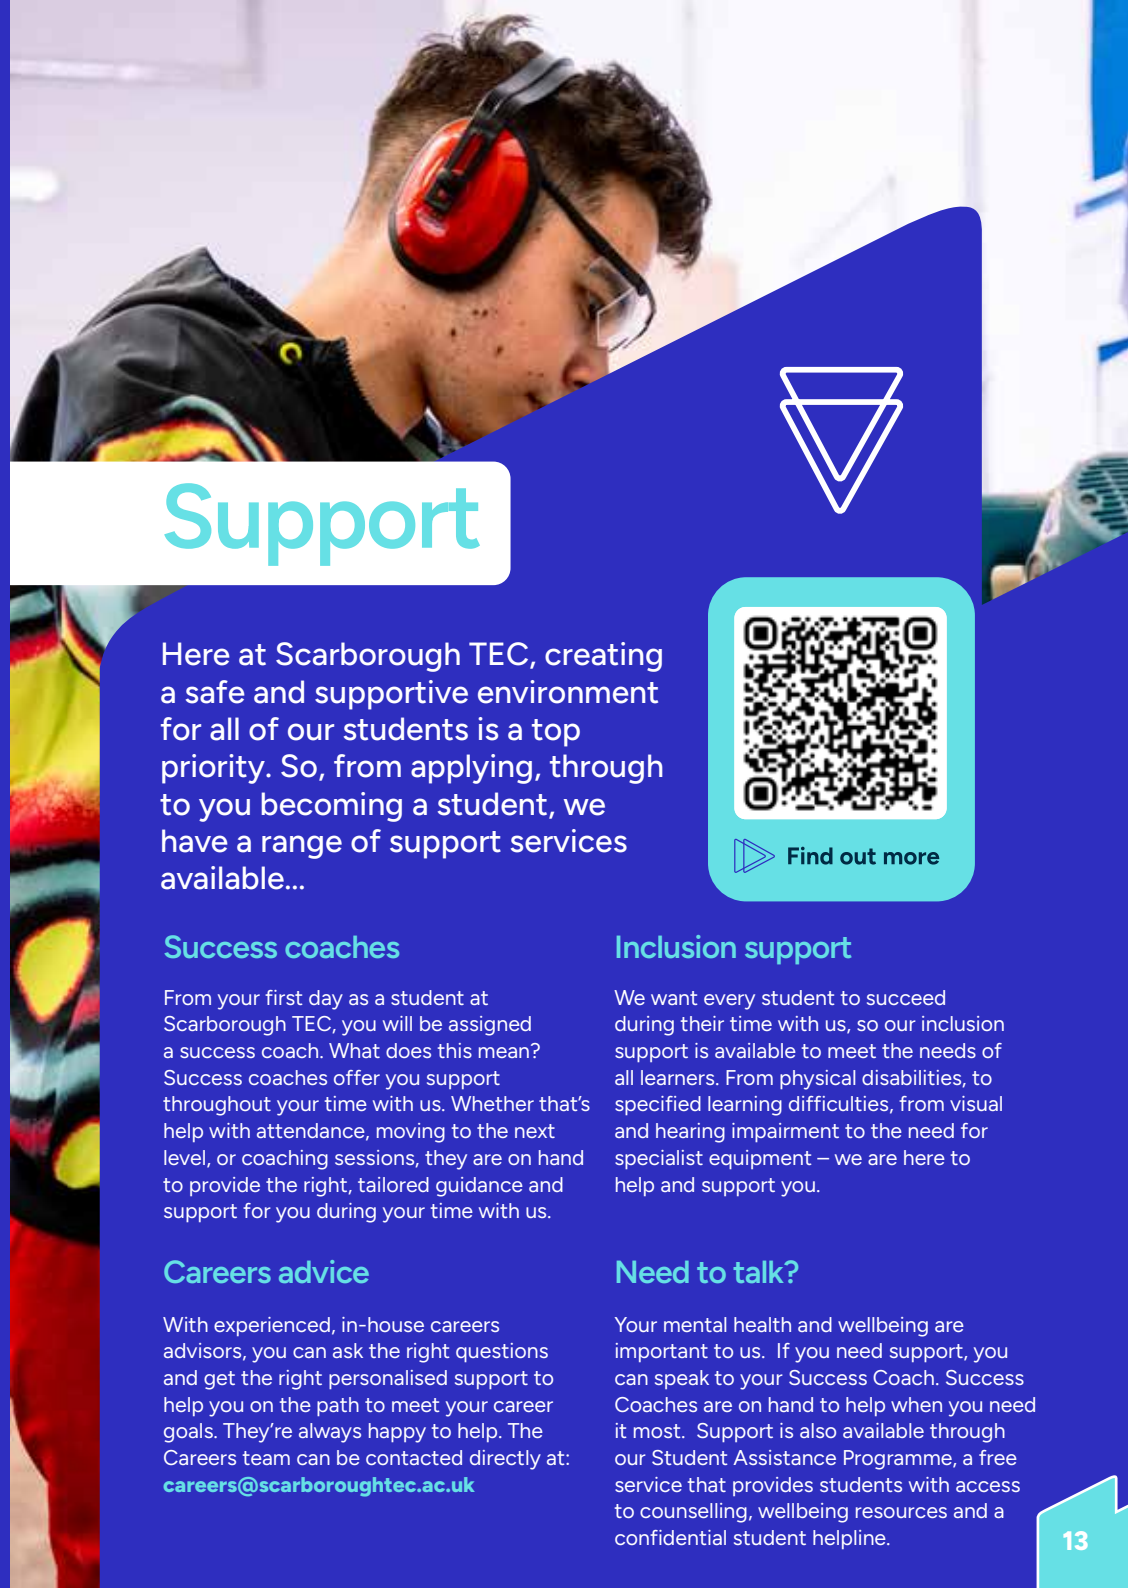

With experienced, in-house careers advisors, you can ask the right questions and get the right personalised support to help you on the path to meet your career goals. They're always happy to help. The Careers team can be contacted directly at: careers@scarboroughtec.ac.uk

Inclusion support

We want every student to succeed during their time with us, so our inclusion support is available to meet the needs of all learners. From physical disabilities, to specified learning difficulties, from visual and hearing impairment to the need for specialist equipment – we are here to help and support you.

Need to talk?

Your mental health and wellbeing are important to us. If you need support, you can speak to your Success Coach. Success Coaches are on hand to help when you need it most. Support is also available through our Student Assistance Programme, a free service that provides students with access to counselling, wellbeing resources and a confidential student helpline.

Our course areas

Apprenticeships

As well as our wide range of vocational courses, did you know we offer apprenticeships, too?

Apprenticeships are a great way for you to learn in your chosen area, whilst gaining on-the-job training and real hands-on experience, at the same time.

What are the benefits of an apprenticeship?

Hands-on experience

Gain experience in a real-world, workplace setting - not just the classroom - providing you with expert practical training.

Develop your skills

As a structured training programme, our apprenticeships are designed to equip you with the right skills and knowledge. Whether that's technical skills, or personal and professional skills, our apprenticeships have you covered.

Earn while you learn

Gaining valuable qualifications, and skills, whilst earning on the job, is a huge plus point for apprenticeships.

Career progression

Want to move into a job after your apprenticeship, or gain further and higher education qualifications? No problem. There are plenty of career opportunities available to you.

▶ Find out more

Here at Scarborough TEC, we have apprenticeships available in the following areas:

- Automotive
- Business & Professional
- Construction
- Digital & Computing
- Education
- Engineering
- Hospitality

Why not come along to an open event to speak to us about whether an apprenticeship is right for you?

T Levels

Find out more

Have you heard about T Levels?
They are a great new addition to the qualifications available to you after GCSEs; combining classroom time with real workplace experience and carry the same number of UCAS points as three A Levels!

T-LEVELS

THE NEXT LEVEL QUALIFICATION

What is a T Level?

- T Levels are nationally-recognised technical qualifications
- They are made up of 80% classroom time with 20% in the workplace and last for two years
- Worth the same number of UCAS points as three A Levels
- A qualification to help you progress to an apprenticeship or degree.

What T Levels are available at Scarborough TEC?

- Design & Development for Engineering and Manufacturing
- Education & Childcare
- Health and Social Care

Why not come along to one of our open events to speak to us about T Levels?

What next? Progression to higher education

So, what happens next? Whilst you are only just thinking about starting your journey into further education, it's good to plan ahead, right?

Once you have completed your further education course with us, there are plenty of career progression options available to you here in Scarborough - did you know you can study at degree level with us here, as well as at our sister campuses in Bridlington, Beverley, Hull and Grimsby?

It's never too early to think about your career options. In fact, we want to make sure all of our students know that there are endless career opportunities available to them by learning with us at Scarborough TEC. Your further education course is just the first step!

Thinking about Uni?
